

Mechanical Scales & Balances

D500M

When Simplicity And Economy Are A Must

- Heavy-duty mechanical epoxy-painted steel construction for industrial applications
- Phenolic wheels allow scale to be easily moved with beam lock to protect scale mechanism
- Includes counterpoise weights for scale capacities up to 1000 pounds

Display Easy-to-read, dual-side flat beam with a shadow-proof poise.

Construction Epoxy painted steel construction, phenolic wheels

Design Features Phenolic wheels for portability

Model	Capacity	Readability	Certified Readability	Platform Size	Item No.	Price USD
D500M	1000 lb	0.5 lb	0.5 lb	28.13 in x 19.25 in / 714 mm x 489 mm	80252735	1049

Heavy Duty Solution

The Industry Standard for Precision and High Capacity Weighing

- Oversized stainless steel platform
- Lockable tare for container up to 2270g
- Covered self-aligning bearings for low maintenance

Display Dual-faced indicator plate for front and rear weighing

Construction Metal base and beam, stainless steel pan
